

How to draw:

# SARAH

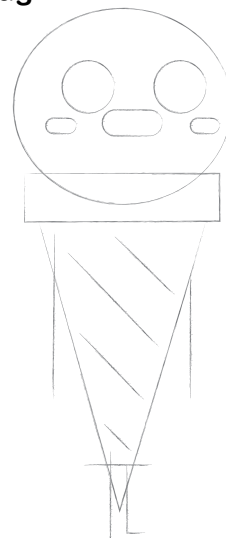

**You will need:** A pencil, a piece of plain paper, an eraser, black marker pen and colouring pens. You should remember to draw lightly to begin with so you can rub out your rough lines easily.

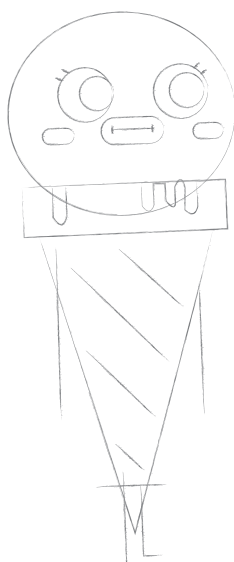

Start by drawing a circle for the head. Under the circle, a rectangle. Under the rectangle a triangle. This will form the base for her body.

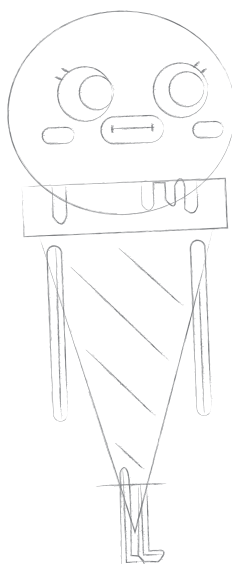

Add in some guidelines for the arms and legs.

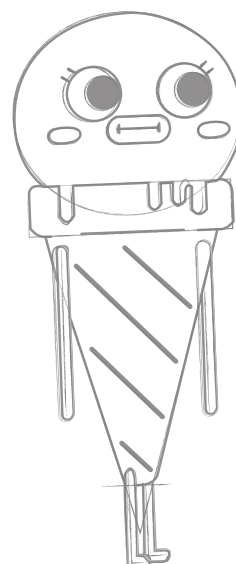

Draw some simple facial features. The eyes, lips and cheeks. As well as the lines on her cone body.

Complete the face by drawing in circles for pupils, eyelashes and mouth. Don't forget the drips!

Finally, finish off with the arms and legs. Using the rough lines as a guide.

Draw over her outline with a thick black marker. Rub out the guides and any sketchy lines. Colour her in and you're done! It's Sarah!
