Greeting Card – Thank You

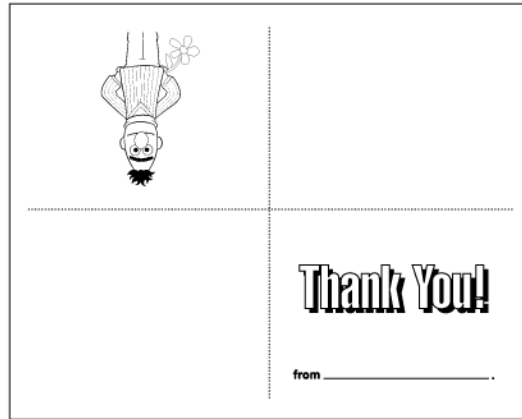

Make a thank you card for a friend.

SET UP*

You will need:

or

WHAT TO DO

Your young child can make his or her very own personalized thank you card and send it to a friend or relative. Help your child set a purpose by talking about who the card is going to and why he or she is thanking that person. Help your child think of ways to make the card special to the person who will get it by choosing certain colors or drawing particular people, memories, or favorite things.

Fold the page in quarters to make a card. Have your child draw and decorate it any way he or she likes. Read the words on the card for your child, and note that the words can be colored too.

Vary the activity by providing glue and collage materials such as beads, seeds, buttons, glitter, and so on. Or you can offer paint, or any other media you happen to have.

LEARNING GOALS

Drawing helps children communicate thoughts and feelings. Sending a card supports social connection, including a sense of empathy.
